

Range of Motion Physiotherapy opened its door in 2004 in downtown Fredericton. Since that time we have expanded to 7 Physiotherapists, 2 Occupational Therapists and a professional front office staff of 5. Our staff boasts decades of experience in Ergonomics, Functional Cognitive Assessments and Rehabilitation and Mental Health Intervention.

We are growing again in all directions and have an immediate opening for a 1 - full-time Occupational Therapist (could start as part-time if necessary). The successful candidate must be licensed or have the ability to be licensed in New Brunswick. The candidate must be able to work in a team setting with other allied healthcare professionals and be an effective communicator. Please take time to note the following (not necessary to apply – but please brag about your skills) in your application/resume or email:

- Availability
- Bilingual
- Post graduate training in:
 - Ergonomics
 - Post Concussion Rehabilitation
 - Mental Health
 - Cognitive and Functional Assessments

This opening can be either salaried or fee-for-service.

If you are interested please forward any relevant documentation (resume/references):
